At the completion of this activity, the pharmacist participant will be able to:

1. Identify *Clostridium difficile* infections, including common causes and risk factors.
2. Select effective treatment of *Clostridium difficile* infections based on current literature and guidelines.
3. Discuss recurrent infections and current treatment recommendations.
4. Evaluate new and alternative treatment options in the prevention and treatment of recurrent *Clostridium difficile* infections.

At the completion of this activity, the technician participant will be able to:

1. Identify *Clostridium difficile* infections, including common causes and risk factors.
2. Identify common treatment options for *Clostridium difficile* infections.
3. Discuss recurrent infections and current treatment recommendations.
4. List alternative treatment options in the prevention of *Clostridium difficile* infections.

The Texas Society of Health-System Pharmacists is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education. This knowledge-based continuing professional education program expires on 01/16/2021 and provides 1.0 contact hour (0.1 CEUs) of continuing pharmacy education. To receive credit, you must claim your credit via the TSHP Education Portal (<http://tshp.wcea.education/>) no later

than **Wednesday, March 21, 2018**. A live event "secret code" will be provided during the session, you must retain this code to claim your credit. A session evaluation must be completed through the online portal for credit to be issued. Access to an Internet enabled computer is required and use of the Mozilla Firefox browser is recommended. Accurate NABP profile and date of birth information is required for successful credit submission. It is the responsibility of the participant to ensure credit has been successfully transferred to their My CPE Monitor Profiles. TSHP is not responsible for loss of credit to participants that do not ensure credit issuance to their My CPE Monitor Profiles by **Wednesday, March 21, 2018**.
